# CANCER CARE

REDEFINING HEALTHCARE  
EARLY DETECTION  
EARLY INTERVENTION

## Specialist Services

At BHC, we have invested heavily in bringing cutting edge technologies at affordable costs for all possible cancer cure.

**Dr. Namrata  
Agrawal**

### Borivali's best Critical Care Unit

To handle co-morbidities like diabetes, hypertension, heart problems our critical care team is well equipped to ensure a smooth recovery from OT to ward and home

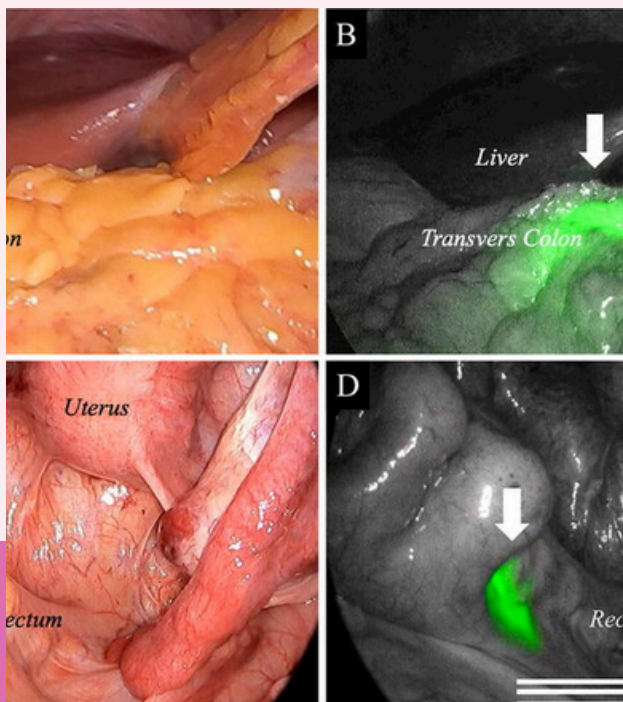

**Dr. Kant  
Shah**

### Paediatric cancer care

Children can also have different cancers. However many are treatable with surgery and/or chemotherapy & may need long term support. Our specialist team includes surgeons, physiotherapists, oncologists & intensivists to provide comprehensive care

## Find an expert for any type of cancer

- Rectum
- Stomach

- Colon
- Breast
- Uterus
- Cervix
- Ovarian
- Liver & Biliary tract
- Kidney & Adrenals
- Prostate
- Lung
- Oral
- Lymphoma
- Leukamia
- Brain tumors

## ICG - IMAGE GUIDED CANCER SURGERY

For the **first time in Borivali**, we bring 3D-4K-ICG image guided cancer surgery supported by our Olympus S700 Viscera Elite III imaging system (**first in Asia-Pacific**)

The surgery is done by injecting an Aurogreen ICG dye which differentiates between cancerous and non-cancerous tissue, making the surgical quality and outcomes better.

**Dr. Praveen  
Kammar**

## Our doctors
